BALUCHISTAN HUMAN RIGHTS REPORT – March 2025

This report sheds light on the deeply troubling human rights violations taking place in Balochistan, with particular emphasis on the ongoing issues of enforced disappearances and extrajudicial killings. The documented cases reveal a consistent and disturbing pattern of state-led repression, characterized by arbitrary arrests, incommunicado detentions, and unlawful executions allegedly carried out by Pakistani security forces. These violations not only undermine the rule of law but also contribute to a growing climate of fear and mistrust among the local population.

In addition to these systemic abuses, the recent state crackdown on the Baloch Yakjehti Committee (BYC) and prominent activist Dr. Mahrang Baloch has further intensified concerns. Her arrest, along with the detention of several peaceful protesters and human rights defenders, has drawn condemnation from civil society groups. The situation escalated further during the long march organized by the Balochistan National Party (BNP), which was met with excessive use of force, mass detentions, and widespread intimidation by state authorities.

These aggressive tactics reflect an alarming trend of silencing dissent and suppressing political activism in the region.

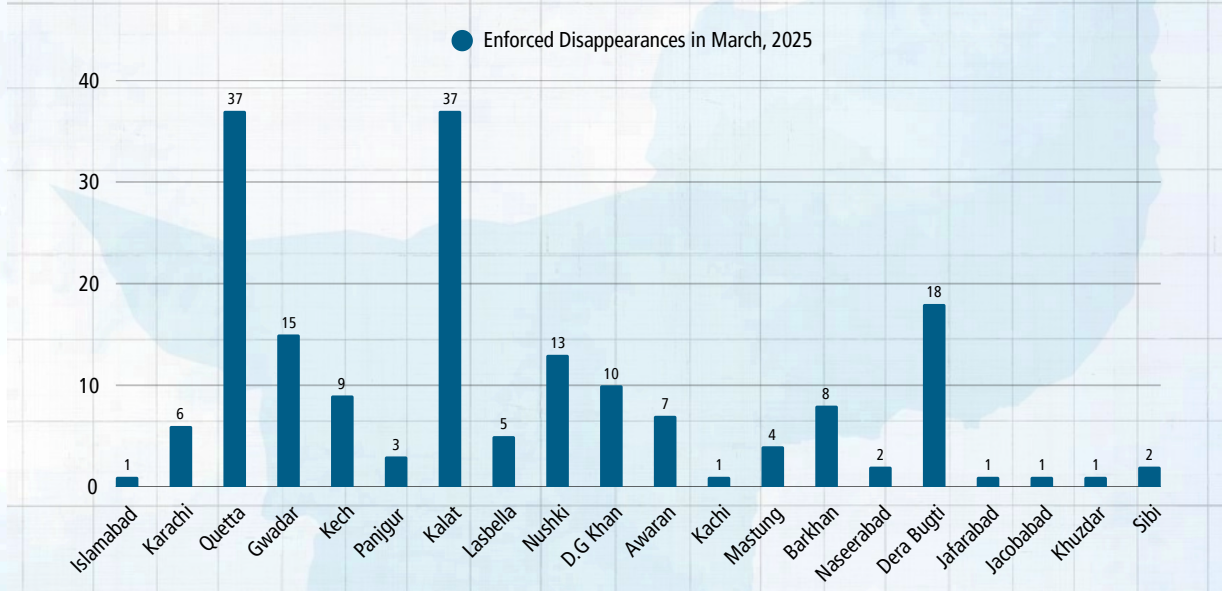

The information presented in this report is based on verified incidents reported during March 2025, offering a stark illustration of the rapidly worsening human rights landscape in Balochistan.

Immediate intervention and sustained attention from national and international human rights bodies are crucial to prevent further abuses and ensure justice for the victims.

Statics of Enforced Disappearances

The following districts reported cases of enforced disappearances and illegal detentions in March 2025

Total Cases: 181

Torture Victims: 87

Extrajudicial Killing Cases: 12

Cases of Enforced Disappearances

In March 2025, multiple cases of enforced disappearances and illegal detentions were reported across 16 districts of Balochistan, with some cases extending into parts of Karachi, Islamabad, Jacobabad, and Dera Ghazi Khan. The Quetta and Qalat district have equal figures recorded the highest number of incidents, with 37 individuals forcibly disappeared. Total cases of enforced disappearances in the month of March are 181.

In the month of March 87 People were released after mental and physical torture across Balochistan.

Note. Several People are being held in various Police stations after being illegally detained in different areas during the violent actions in the month of March, and many people have been injured in the violent actions of the forces, the data of which has not been received yet.

Peaceful Protest and State Violence at Balochistan University

Following the revelations about the secret graves, BYC members and families of the forcibly disappeared initiated a peaceful protest in front of the University of Balochistan in Quetta. Rather than engaging in dialogue, the provincial authorities responded with force. Security forces opened fire on the demonstrators, killing three people, including a 12-year-old boy, Naimat Baloch.

Protest Over the Bodies and Crackdown on Demonstrators

In protest against the killings and the lack of accountability, the BYC leadership refused to bury the deceased and began a sit-in with the bodies. The Balochistan government once again responded with violence. Peaceful protesters were brutally dispersed, and internet services were suspended in an attempt to suppress information and public mobilization.

Shockingly, even the bodies were forcibly taken away by Quetta police, an act that sparked further outrage across the province.

Arrests of Activists and Use of 3MPO

As part of the continued crackdown, several key organizers of the Baloch Yakjehti Committee (BYC) and prominent activists—including Dr. Mahrang Baloch, Beboow Baloch, Bibagar Baloch, and Shahji Sabgathullah Baloch, were arbitrarily detained without due process. They were held incommunicado for several days before being transferred to Hudda Jail in Quetta under the Maintenance of Public Order (3MPO) law, effectively circumventing legal procedures and fundamental rights protections.

Widespread Protests and Continued Repression

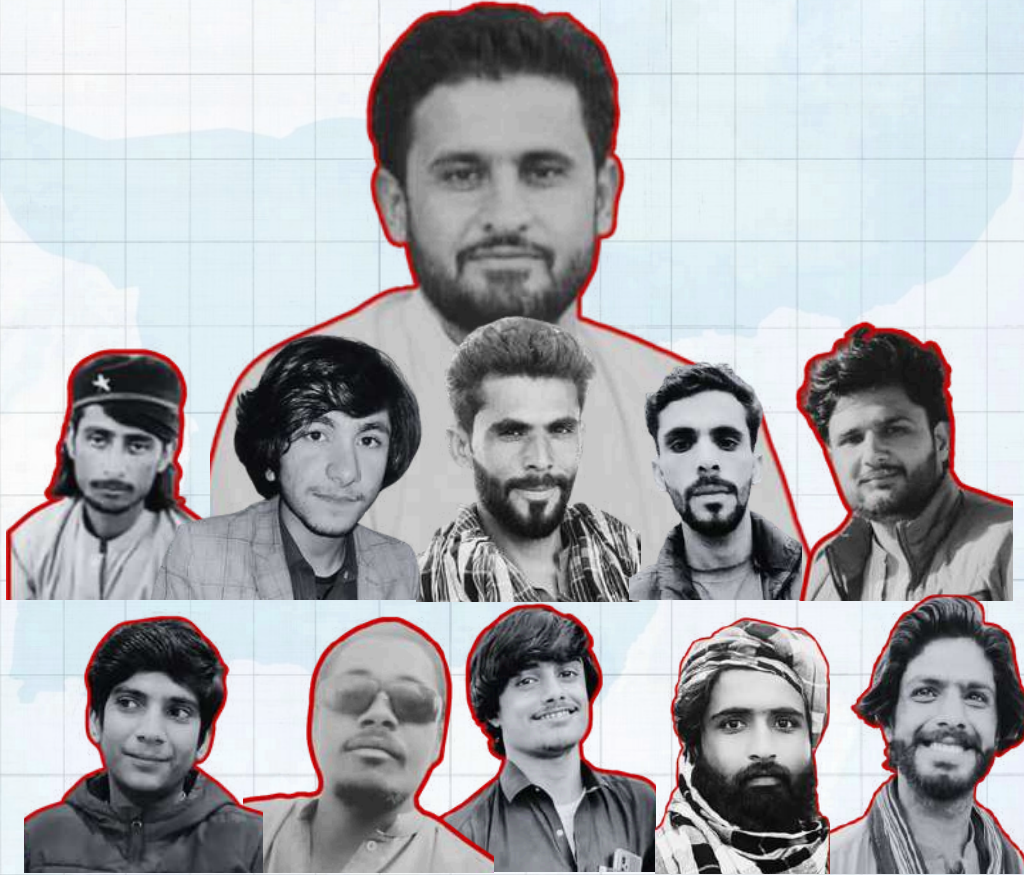

These events ignited province-wide protests, which continue as of this writing. The Baloch population, civil society groups, and human rights defenders have condemned the use of violence and arbitrary detention by the state. Despite mounting public pressure, the Balochistan government and state institutions continue to rely on repression rather than dialogue, escalating tensions and deepening the region's human rights crisis.

Paank! Appeals to international organizations through a monthly report to bring the Balochistan government to justice against human rights and Baloch genocide in Balochistan and hold them accountable.

Conclusion & Appeal to the International Community

The **March 2025** report on Balochistan paints a harrowing picture of systematic and state-sponsored human rights abuses. With **181** recorded cases of enforced disappearances, **87** victims of torture, and **12 extrajudicial killings**, the region remains gripped by a deepening humanitarian crisis. The violent crackdown on peaceful protesters, including the arbitrary arrests of **Dr. Mahrang Baloch** and other members of the Baloch Yakjehti Committee, and the secret burials in Quetta's Kasi graveyard, are shocking examples of the extent of repression.

These acts—ranging from incommunicado detentions and torture to the silencing of dissent—stand in direct violation of international human rights laws and democratic norms. Particularly distressing is the killing of a 12-year-old boy, Nehmat Baloch, and the use of state-backed death squads operating with impunity.

We urge the international community, including the United Nations, human rights organisations, and democratic governments, to take immediate notice of these grave violations. Silence in the face of such cruelty emboldens the perpetrators and betrays the victims.

Furthermore, we call upon the European Union to urgently review Pakistan's eligibility for the GSP+ trade scheme, which grants preferential trade access based on adherence to international human rights commitments. The ongoing abuses in Balochistan are a clear breach of these obligations.

Without sustained global pressure and accountability, the cycle of violence and injustice in Balochistan will continue. The people of Balochistan deserve justice, dignity, and peace—nothing less.

Stand with Balochistan. Stand for human rights.
